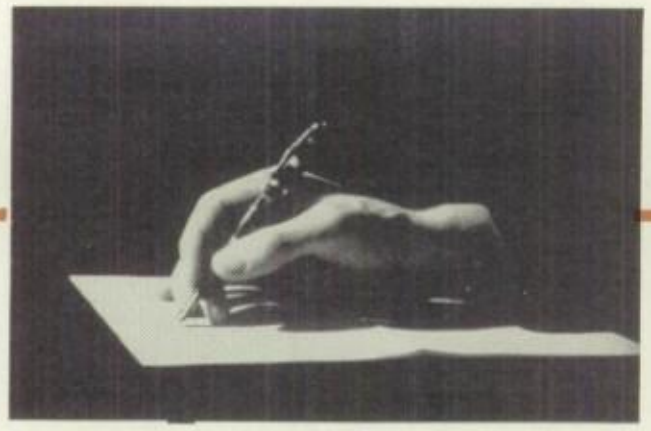
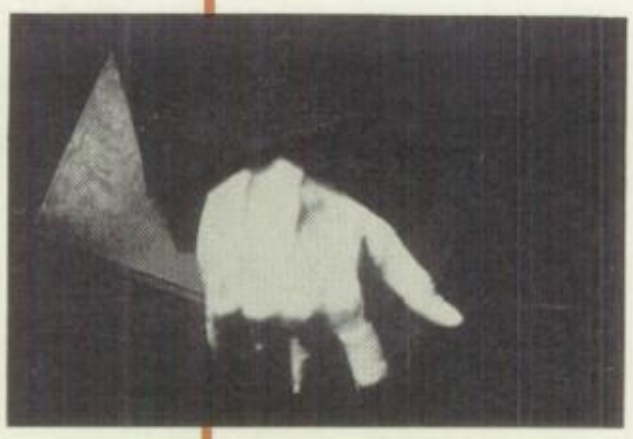
NOTRE DAME HIGH SCHOOL

West Haven, Connecticut

THEME





With the passing of time, the echoes of our school life will grow fainter and fainter, and then die away. Gone forever will be the routine of school life, the fun we had, and the friends we made. It is the hope of the 1957 Shield Staff that, as you glance through this book in the years to come, you will recapture those moments . . . and the echoes will begin again.

The distance from the Freshman homeroom to the Senior homeroom is but a few steps. For the Freshman . . . it takes four long years . . . For the Seniors . . . four short years. The living . . . the laughing . . . the praying together is a lesson learned more easily by some than by others . . . but to all a lesson of distinctive quality.

DEDICATION

A school belongs to many people, and many people belong to her. It is so with Notre Dame. The graduates of Notre Dame have formed a new relationship, a relationship as strong almost as any other in their lives. So it is with us: we belong to Notre Dame, and Notre Dame belongs to us. If there is a one-man to whom we can show our appreciation for what we hold dear, it is Brother Ephrem O'Dwyer, c.s.c., who is primarily responsible for the building of our school in West Haven by the Brothers of Holy Cross.

TONI SPARKS KNIGHT RALLY IN 2ND HALF

Capacity Crowd Watches Notre Dame Capture Green Bowl Tilt

BY DAVE PHILIPS

A pressure-proof Notre Dame High School football team extended its mastery over Hamden through a fourth straight game by winning a 19-to-14 thriller in the annual Green Bowl contest at Hamden Field yesterday.

Trailing 14 to 6 at halftime, the Green Knights pushed over two touchdowns, one after a 51-yard drive, the second after recovering a Hamden fumble. Then the West Haveners made it stand up in the face of a furious Hamden fourth period offensive which moved the ball inside the Notre Dame 20 three times without hitting pay-dirt.

The victory, accomplished before a chilled overflow crowd of more than 7,000 persons, gave Notre Dame second place in the New Haven District league behind Hillhouse. By winning, the Green Knights finished with a 7-2 record, the best of any District eleven. Hamden's 1956 record is five wins, two losses and one tie.

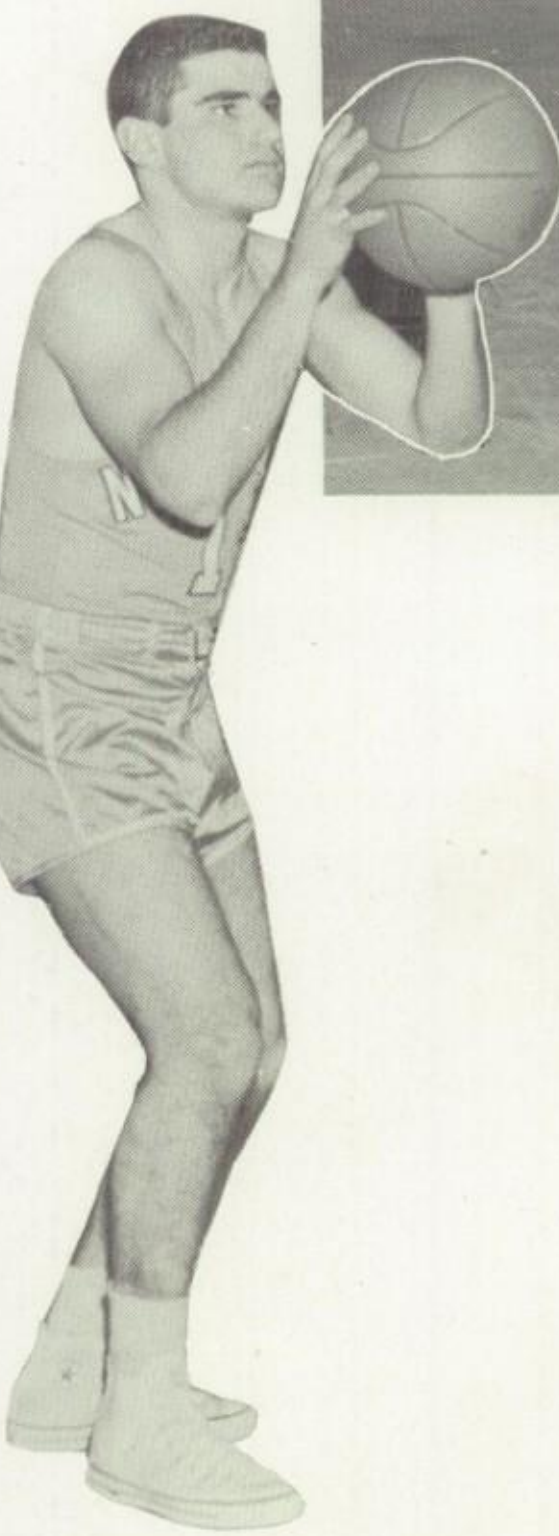
BASKETBALL

Although our cagers experienced a relatively poor season there was no lack of highlights in the course of the eighteen games scheduled. That Notre Dame played topflight competition is witnessed by the fact that every one of the eight Class A ball clubs they faced, with the exception of one, entered the CIAC tournament, an honor extended only to the top sixteen quintets in the state.

Coach Paul Sapko, in his initial year at the helm of the varsity combine, depended chiefly upon sophomore Nick Brunetti for the Knights' scoring punch. Brunetti hit on 30 per cent of his field goal attempts.

Ray Ciarleglio

Dave Doyle, playing the outside; Dave's smooth ball handling and sure passing help to keep Notre Dame's opponents off balance.
Brian Crouse, center. He not only displays a soft push shot from the side, but his ability to leap high into the air to grab rebounds and to block shots have proved a great help to the team. Both men are seniors.



Peter Barbarito

Nick

Gerry Moran is the highest-scoring senior on this year's squad. The majority of his points have come on long, swishing set shots from the outside. His tricky drive has also been a valuable aid to the Knights.

Brian O'Connor

Mike Medley, although 5'10", gets a spring into his jumps that enable him to out-rebound many taller men. His agility and speed more than make up for his lack of height.

KNIGHTS TAKE ST. MARY'S AND WEST HAVEN

Notre Dame dropped St. Mary's 46-37. The Friars, noted for their spirit and fight, simply could not equal the victors in either respect as they folded before a ND second-half onslaught.

The visitors jumped to an early lead at the outset of the contest and at one point during the second canto led by as much as ten markers. Hungry for a win, the ND quintet refused to quit as they outscored their opponents for the remainder of the half.

Down 25 to 19 going into the third stanza, the home squad racked up six straight points to tie it up at 25 apiece. Behind the rebounding of Brian Crouse and the driving lay-ups of Nick Brunetti the Knights gained the advantage, and continued to out-score the bewildered losers. The score sheet gave Brunetti 19 points and Gerry Moran 10 for the evening's game.

Senior Gerry Dinnen, playing by far "his best game of the year" with 16 rebounds and 8 points, led ND to its first District League win against West Haven. Nick Brunetti and Ray Ciarleglio were the big point producers for the Knights with 14 and 10 markers respectively.

The initial stanza was slow. With Brunetti leading the way, however, ND surged ahead to a 18-8 margin at intermission. By the third quarter the Knights had a 16 point lead. The Blue Devils finally found the range and began to threaten as the final buzzer sounded making it 42-38 in ND's favor.

Brian Crouse leads the attack.

Nick Brunetti, sophomore, scored 22 points.

Two new members joined the Notre Dame faculty with the beginning of the second semester.

Brother Peter Nolasco Cleary, c.s.c., a Holy Cross Missionary, comes to Notre Dame after a seven year assignment at Saint Gregory High School, Hashnabad, East Pakistan. At Saint Gregory's, Brother was assistant head master and taught in the Science department. Brother is conducting classes in Physics, Introduction to Business and Religion I.

The second new member of the faculty is Brother John O'Keefe, c.s.c. Brother's previous assignment was at Holy Cross High School, Flushing, New York. Here at Notre Dame Brother is teaching Biology and General Science.

THE HERALD

One of the events we looked forward to was the distribution of the school newspaper, *The Herald*. Under the capable direction of Brother Cyrinus, c.s.c., and the co-editors Paul Robertson and Stephen Giannelli, six issues were turned out by the staff. *The Herald* hit a new peak of popularity among the student body, combining the usual reporting of school events with such features of Brother Cyrinus, c.s.c., as Student Polls, Television and Movie Reviews, and a record column.

Art is the expression of the invisible by means of the visible. This year, Brother James has made progress with his class in design. Meetings are held on Saturday morning at the school.

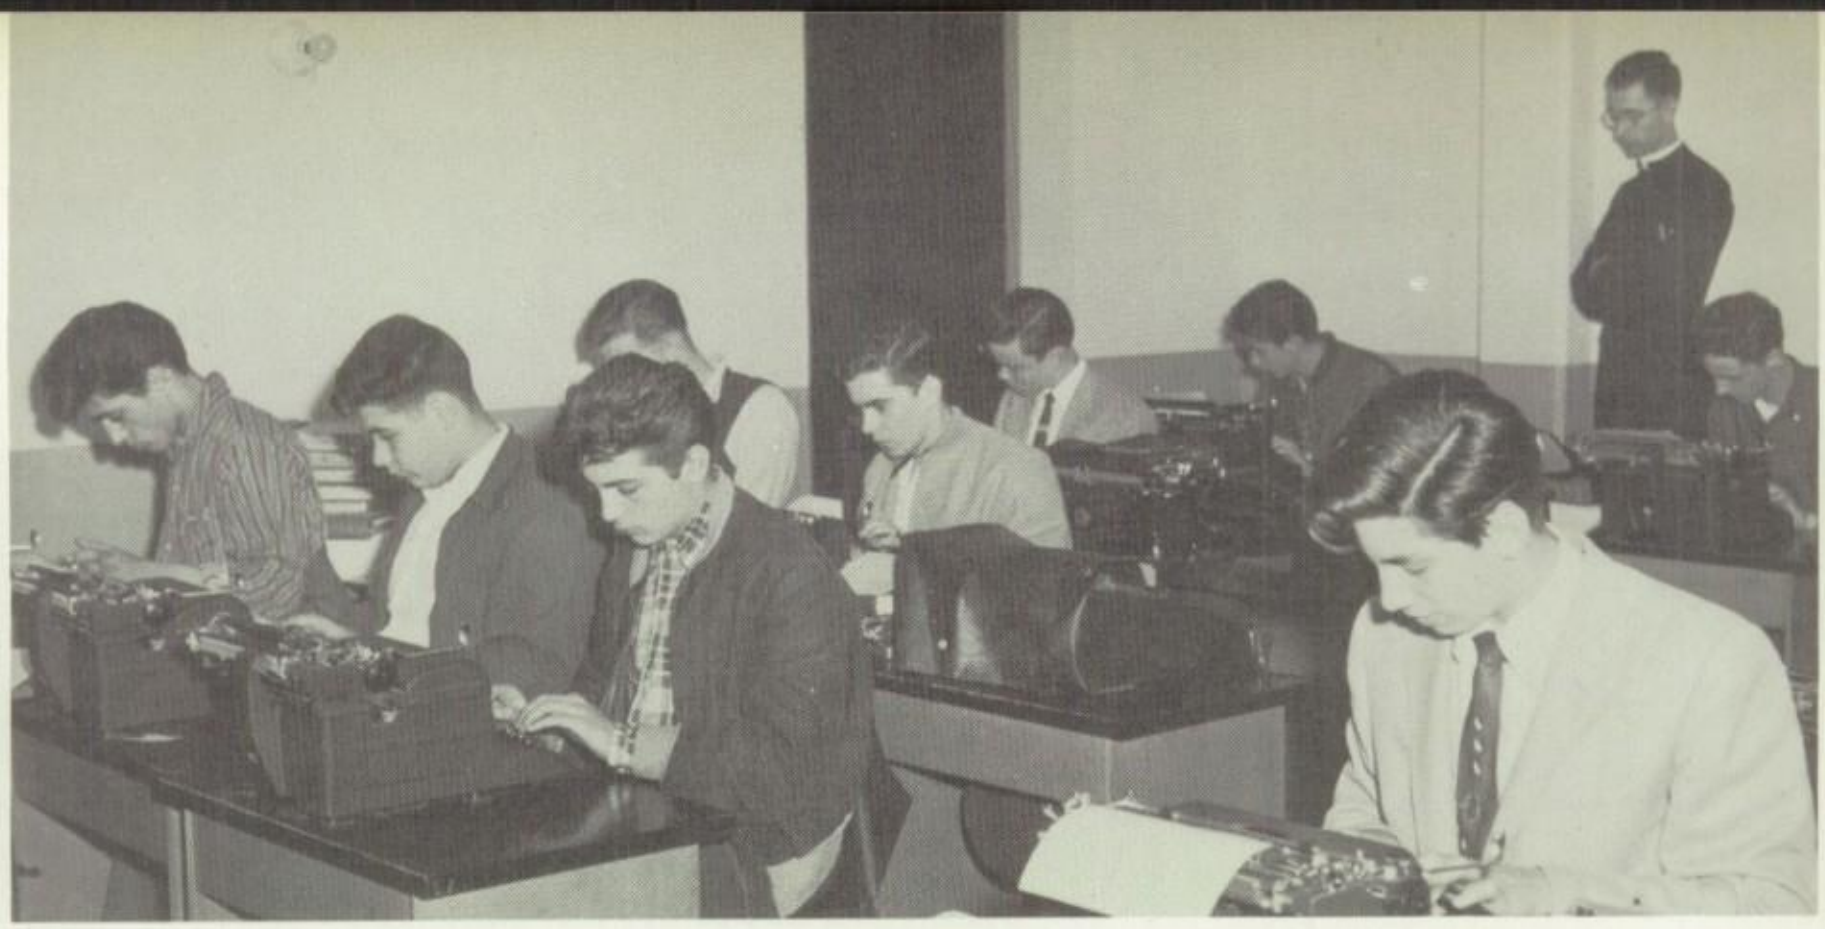
The SCIENCE CLUB makes things work well.

Many heads are better than one. Men engaged in teaching the young the truth need all the help we can give them by our prayers and good works. The teacher, by himself, cannot achieve the desired result any more than water, by itself, can produce beautiful flowers. There must be good soil, sunlight and fresh air as well. The good soil, in our case, is the pupil; the sunlight is the grace of God and the fresh air is the prayers and good example of the Faithful.



Education and Life itself are vain and useless if their purpose is not the love and service of God. Brother Benjamin is not only teaching typing, he is teaching the student to understand the value and purpose of things in the world.

The Stage Crew, under the direction of Brother James, worked long and earnestly. Neither of our shows, the Christmas Show or the Spring Festival could have been accomplished were it not for the work of the Crew. The Band and the Glee Club are the ones we usually think of when it is time for praising the success of the shows, yet the Stage Crew, working without our notice and acclaim, certainly does its part thoroughly and efficiently.

Today is yesterday's pupil.

You had better live your best and think your best today; for today is sure preparation for tomorrow and all other tomorrows that follow.

Criticism and reaction of modern teens are so brutally yet disarmingly frank, there's no teaching that will keep one more humble than the teaching of youth. But their appreciation is so very sincere and their praise so devoid of adult flattery that, when it does come . . . spontaneous, unrehearsed, uncalculating . . . it is one of the deepest human joys of the Brotherhood. And because their potentialities for good or evil are so terrific, because the stakes are so high in terms of eternity, there's no type of work more suited to draw a Brother closer to God, make him so completely dependent on divine assistance and thus deepen the roots of his own spiritual life than working with and for today's teen-agers.

Generally speaking, they who ask advice know what they wish to do.

There is no moment like the present.

C.S.M.C.

The C.S.M.C. has made it possible for its members and all the students of Notre Dame to help the poor and the needy of the far off mission lands as well as the needy here in our own states. The perpetual prayers of the students in the Shrine off the Library is what makes the C.S.M.C. and its activities flourish each and every year. The activities such as the clothing drive, the canned food drive, the Christmas Ball which is one of the biggest dances of the school, the candy counter in the Cafeteria, the Mite box drive, all these activities are done for the Holy Cross Missionaries. All of our activities are guided by our Moderator Brother Theodore, c.s.c., and our officers President W. Consiglio, Vice President J. Haggerty, Secretary R. Antonetti, Treasurer E. Ciarlo, and Administrative Assistant D. Hanley. This year has been a very fruitful one for the C.S.M.C.

Alma and Mother at Brother's House

THE C.S.M.C. RELIGION TEACHERS

The C.S.M.C. has a group of fellows who with the guiding hands of the Sisters, The Parish Visitors of Mary Immaculate from Saint Paul's Church try their best to teach the Catholic children in the public schools the Catholic Religion so that they may get to know God better. This year has as always been very successful and we want to take this time to thank the Brothers for the work they have done, our Moderator Brother Theodore, C.S.C., and of course the good Sisters of Saint Paul's, and Mike Roper for their support in this activity.

STUDENT COUNCIL

Our Student Council was composed of men whom we chose to represent the student body. Under the leadership of President, Louis Esparo, and moderator, Brother Germanus, c.s.c., the Student Council issued charters of recognition for all extra-curricular activities and dealt with any problem which arose during the course of the school year. The Council members served as monitors in the halls during lunch periods. The most important job was to regulate all the social functions held at Notre Dame this year, a task which was handled admirably.

religious life, is one of faith and zeal. The spirit of faith induces a Brother to see God in all things and above all to sanctify himself. The spirit of zeal attracts him towards children, to instruct them in the truths of religion and to penetrate their hearts with the teachings of the Gospels.

Because of the Brothers' vigilance and guidance surely we ourselves are more perfect, striving to imitate our teachers in the world of tomorrow.

When school days at Notre Dame are but pleasant memories, a student applies the fruit of his studies in becoming an integral part of New Haven life. Catholic education supplements his natural ability as he accepts the opportunities and challenges offered in the many fields of business and industry.

"GRADUATION"

Is it not the school, that knows man's purpose for living, who is best prepared to teach the student the lessons of life? PAUL SWEENEY came to Notre Dame and he learned well all he had to know for this world. Catholic education has no equal regardless of the social advantages of other institutions.

EXTRA-CURRICULAR ACTIVITIES

Voluntary student activities, whether of a religious, cultural, social, educational or recreational nature, can contribute to the development of a growing boy much that is helpful. Properly utilized and directed these activities, besides furnishing healthful outlets for youthful energy and enthusiasm, can provide excellent opportunities for exercising initiative and leadership, for developing a sense of responsibility as well as a willingness to accept it, for teaching the art both of cooperating with others and winning their cooperation.

Who can describe the pleasure?

Bright and happy words.

Wonder is involuntary praise.

Happiness grows in our own garden.

RETREAT SCHEDULE

8:25—Bell for Homeroom
8:30—Homeroom for all
8:40—Bell for Mass
9:20—Breakfast for all freshmen, and for sophomore homerooms 104, 106. Recollection period in homerooms for other sophomore, junior, and senior sections.
9:40—Recollection period in homerooms for all freshmen, and for sophomore homerooms 104, 206. Breakfast for all other sophomore, junior, and senior sections.
10:00—Homeroom for all
10:05—Bell for conference
10:45—Rosary, Litany of BVM, Spiritual Reading in homerooms.
11:15—Bell for conference followed by Benediction and dismissal.

The annual Student Retreat is held in March. The daily retreat schedule starts at 8:25 and comes to a close at 11:25 each day. The students are permitted to pause in the pursuit of secular knowledge, to focus their attention wholly on the things of the spirit, to consider whence they have come and whither they are going, to learn their place in the designs of God, to view the things of time in the light of eternity, and to decide on the ways and means for securing the one thing necessary . . . the salvation of their immortal souls.

Father distributes Holy Communion to all the students.

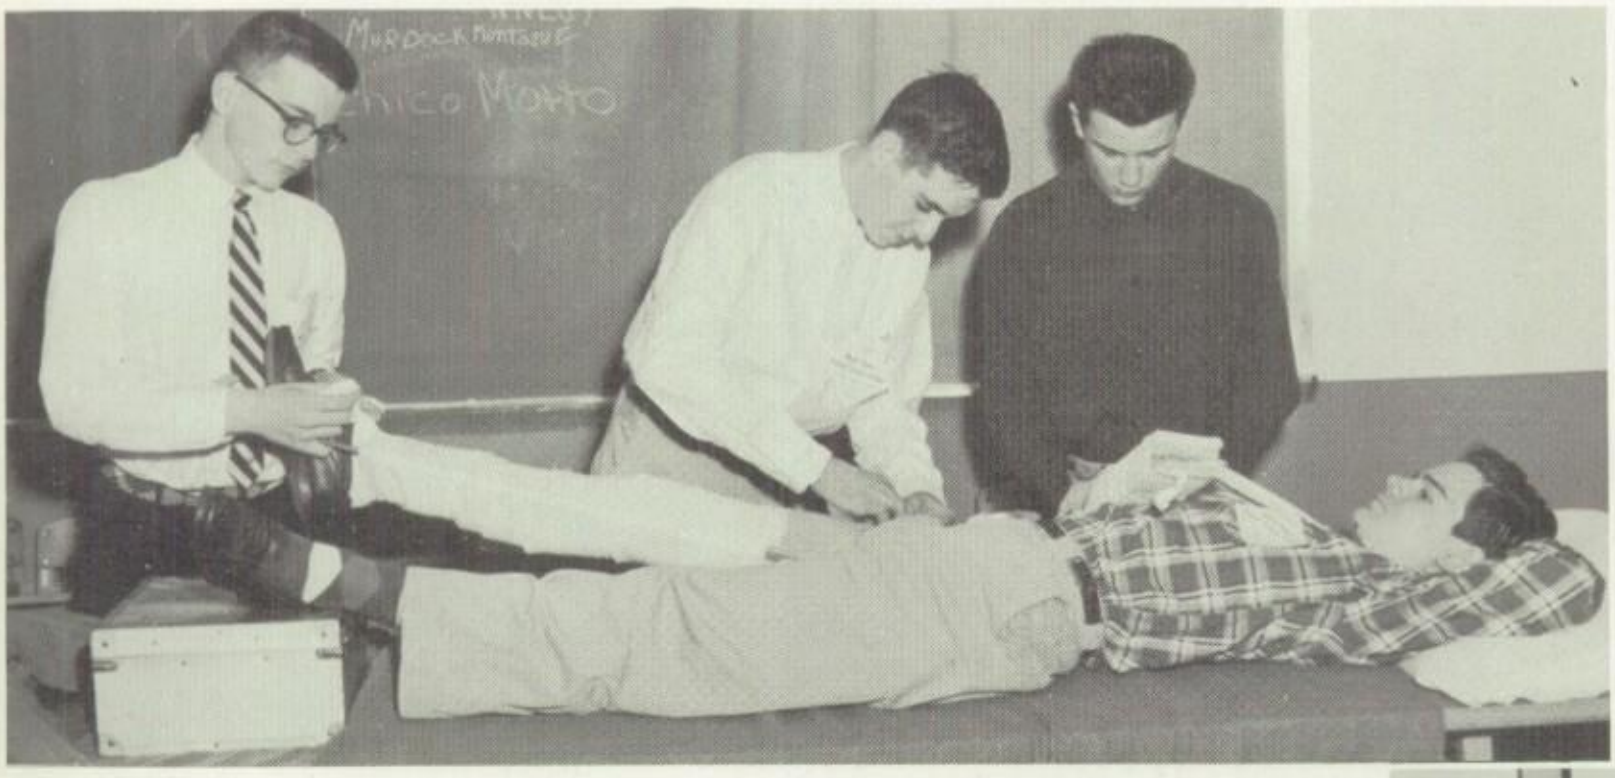
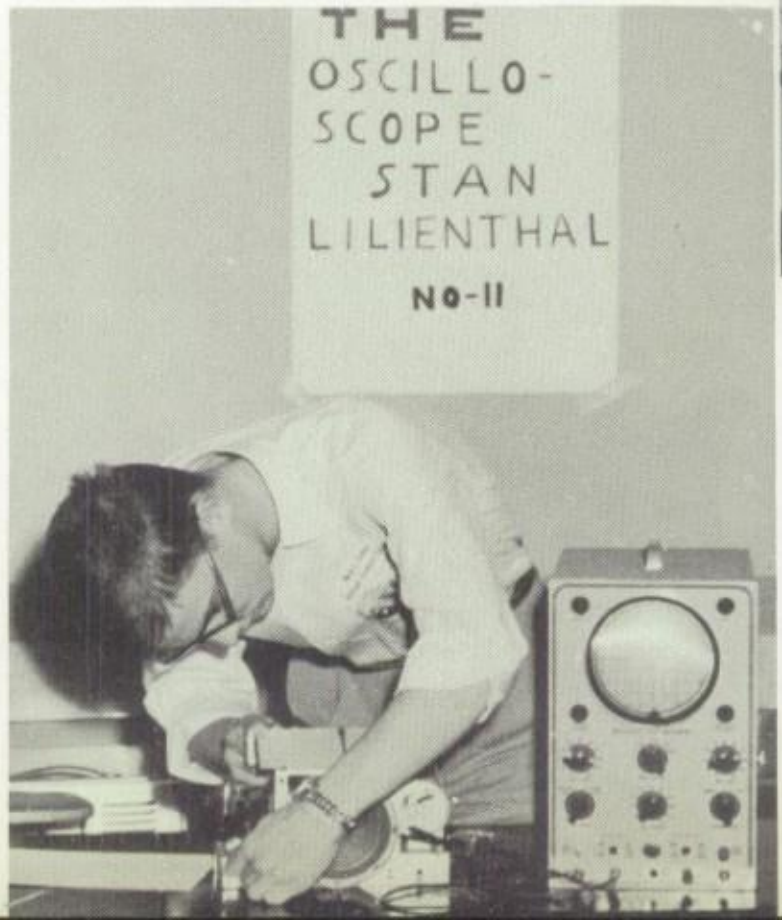
ANNUAL SCIENCE EXHIBIT



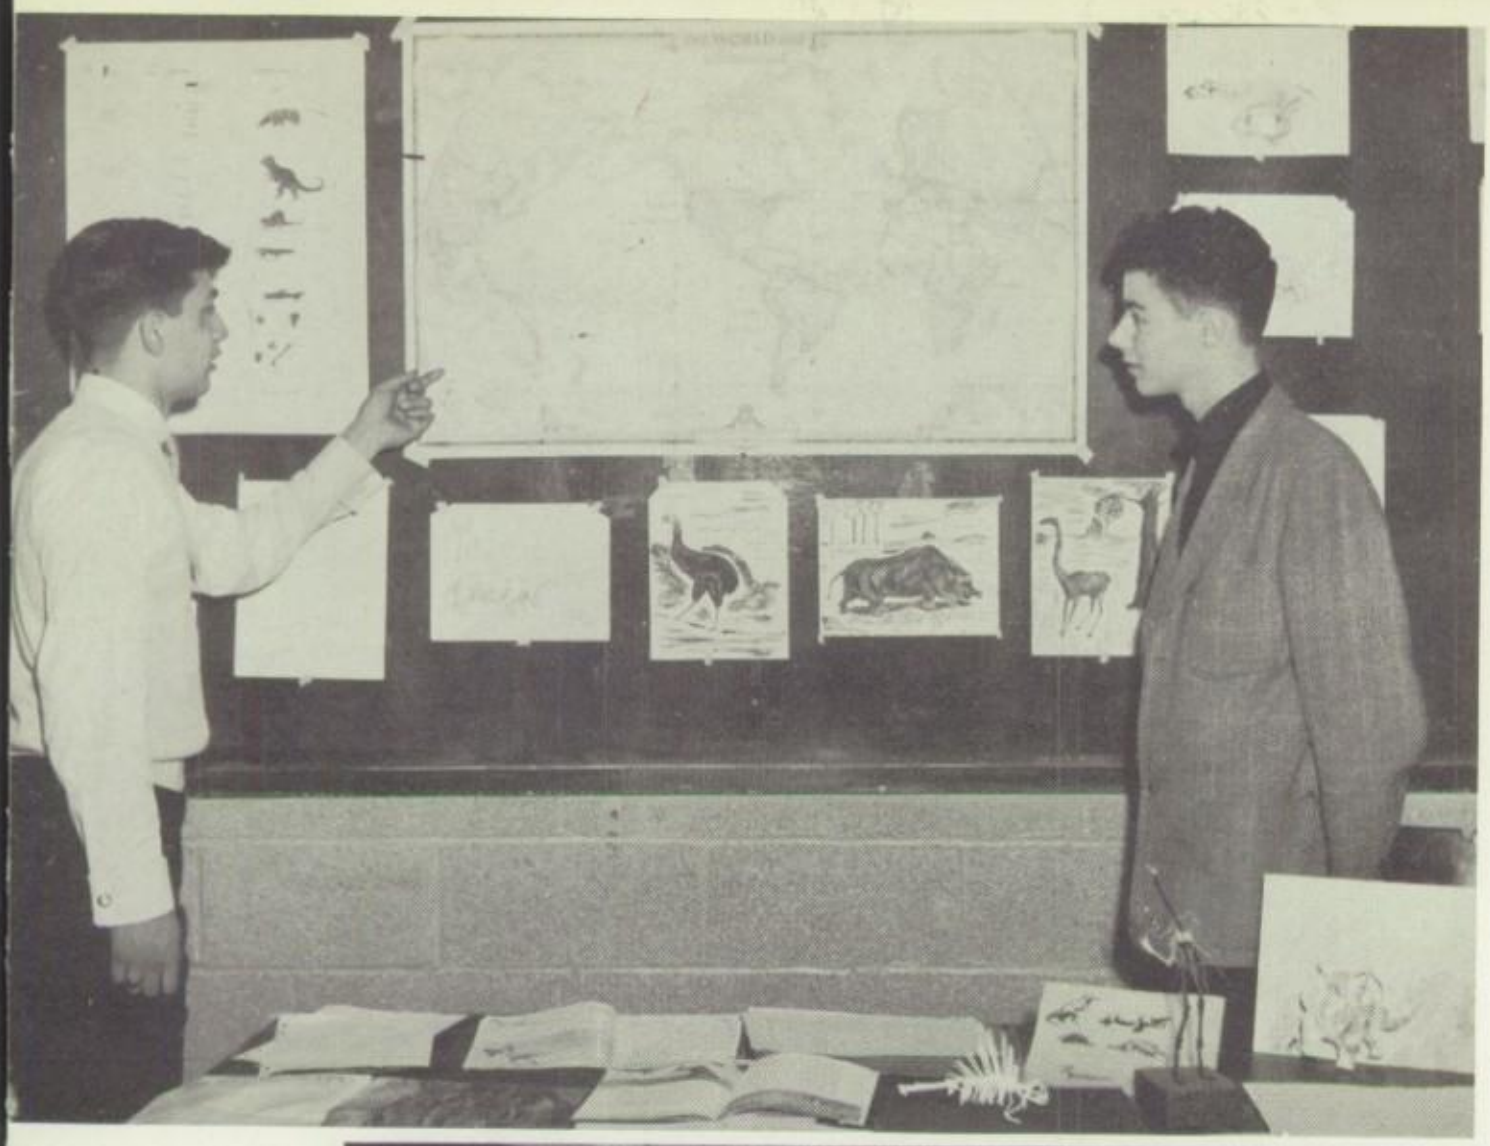
The art of first aid

Savage explains the mysteries of the Tesla Coil

The Second Annual Science Exhibit of Notre Dame High School was held in the school March 16. Over 200 students participated and demonstrated 120 projects that were set up in the school's gymnasium and in various classrooms. The entire exhibit was under the direction of Brother Stanley and his staff of science instructors.



A confused scientist????



This is your life.

Malcolm Root explains chart on "FISH NOURISHMENT" to interested onlookers.

The Science Club is composed of students from the Biology, Chemistry, Mathematics and Physics classes. Through the medium of bi-weekly meetings, demonstrations, lectures by professional men and field trips, the club hoped to stimulate scientific interest and understanding in Notre Dame students.

In May the Music Department arrived at the height of perfection with its brilliant performance of the SPRING FESTIVAL. The combined efforts of Brother Pierre, the Glee Club, the Swing Band, the Corettes, and the Concert Band plus the untiring work of the Art Club, the Stage Crew, and Choreographer Joe Hayes made possible an enjoyable evening for all who attended.
